

Dear Collaborator,

We would like to inform you that ALTA, with the support of the EU FP6 and of Novartis V&D, is organizing a workshop titled " **Novel opportunities to develop VACcines to control antibiotic REsistant BActeria: from the trials back to the laboratory**" (REBAVAC) that will be held in Siena (Italy) from February the 28th to March the 2nd, 2007.

Information regarding the meeting preliminary programme, registration form, call for abstract, travel grants, hotel reservation and travel arrangements can be found <http://www.altaweb.it/rebavac>.

Please, circulate this information among your colleagues who might be interested in attending. Participation is limited, therefore early registration is advisable.

We thank you in advance.

Regards

ALTA S . r . l .
